

THE CASEMENT WINDOW

Coeur d'Alene Series Casement Windows are designed to be thermally efficient, easy to operate and to look good in any environment. Rigid PVC and solid hardware provide the strenght necessary for years of worry-free operation. Our 2 3/4" frame is designed to work well in any opening. Available in white and adobe.

The glass is protected with Neat Glass from Cardinal. Neat's hydrophilic sheeting process keeps your windows cleaner longer.

Low-E 366 glass, is the ultimate in performance and clarity. It keeps the heat out in the summer and keeps your home warmer in the winter.

XL Edge IG glass comes with the lowest failure rate and provides among the best thermal performance in the industry.

All Coeur d'Alene Series Casement Windows are backed by our Limited Lifetime Warranty.
