

Commercial Applications...

Keep the heat in

Keep rain and wind out

Increase Revenue in Bad Weather

Mirage Motorized Screen Systems' specially designed mid zipper rail allows us to use a 27" heavy vinyl insert with Shearweave 2100 privacy mesh to provide a comfortable and profitable solution to inclement weather conditions.

Mirage®

Retractable Screen Systems

Mirage Retractable Screen Systems allow you to let cool breezes in and keep flying insects and bugs out.

Elegant...

- Unique design allows screen to retract and be virtually out of sight when not in use
- Screen housing is compact and unobtrusive
- In addition to our 6 standard colours, we offer a 'new' designer collection of 35 colours to choose from.

Versatility ...

- Protection against flying insects and bugs
- Can be made to fit almost any door application including in-swing or out-swing doors, patio doors, entrance doors and French double doors
- Door heights up to 110" and door widths up to 55" are available
 - ideal for use on windows
 - leave it installed year round; there's no need to remove them

Quality Installation...

Mirage screen dealers all have trained installers to insure you of a quality finished product and a quality installation.
