

FRENCH SLIDING PATIO DOOR

With doors this breathtaking, it's a good thing they make it so easy to get fresh air.

The Simonton Impressions® French sliding patio door includes a dramatic, tiered profile and an optional stucco flange with subtle shadow lines for added richness. In addition, the broad stile and bottom rail give the French sliding patio door an unmistakable elegance. And thoughtful features like dual, oversized wide-set rollers allow smoother operation than you ever thought possible in a sliding door.

An optional integral Stucco Flange creates a smooth transition between the door and the home's exterior.

FRENCH SLIDING PATIO DOOR

Simonton Impressions® doors are AAMA certified.

Interior Beauty

Stile and rail construction and soft-curve glazing around the panel are reminiscent of a true wood door.

Easy Operation

1.5" oversized rollers are set at opposite ends of the door panel rails ensuring the panel glides easily for a lifetime.

Patio Door Configurations

Sash Panel Configuration*	Maximum Size
X/O	96" x 96"
O/X	96" x 96"
O/O/X	82" x 144"
X/O/O	82" x 144"
O/X/O	82" x 144"
O/X/X/O (Four Panel)	82" x 192"

* "O" represents the stationary panel and "X" represents the operable panel.

Sonoma Handle

Custom-designed, ergonomic, solid metal handle is easy to grasp and is available in white or tan, as well as four distinct metal finishes.

Safe and Secure

Multi-point Locking System secures panel at multiple points with one easy-to-use lever, exceeding 800 lb. forced entry resistance (FER) requirements.
